Here are some of our bartending packages. We can either do your entire bar shopping for you or just bring the basics. We are not your typical bartenders and anybody can just make a plain ole' pineapple and vodka. We like to set ourselves apart from the rest by leaving your taste buds forever lasting memories. We are just your typical bartenders but where are like your fairy mixologist godmother's! We have put together some package for you to make things easier where you can sit back, relax and be a guest at your own gathering while we manage and pour your drinks.

All bartenders and servers are certified and we make sure we do not over serve anyone that we shouldn't be serving and we take that seriously! Just let us know what package best fits you, and we can always tailor one based on your specific needs, wants and requests. We can also add beer to your packages as well. Just let us know what you need exactly.

We can provide well and top shelf alcohol. We can provide ice cream float bars, sangria bars, mimosa bars, martini bars, margarita bars, champagne punch bowls and more. We can even make blended drinks but just remember they require lots of ice you will need somewhere to store it for your event so just be mindful of that.

FRESH MADE CUSTOM BLENDED SANGRIA

Everyone loves fruit with wine. Ours is a special juice because we spike it up just a little bit to keep the taste pleasant still while still getting the perfect little buzz without overdoing yourself. But be careful because this one can be a creeper! You can get your sangria by the jar, or you can go all out and do a sangria bar! Any fruit flavors you can think of, we can blend it. We are pretty known for our delicious sangria and we always use fresh fruit. We also have a menu by request with a few other flavors and we can also make it with any of the fruit flavors you see listed below.

Sangria by the Jar: Sangria Jars can be ordered by the gallon jar or 2.5 gallon jar. You generally get about 25-30 10 oz. cups when you ice them from a gallon jar, and about 65-70 10 oz. cups when you ice them. The prices start at \$45 for the gallon depending on the alcohol we add to it and \$75 for the 2.5 gallon depending on the alcohol we spike it up with. We usually add vodka to the white wine and rum, whiskey or cognac to the red wine.

Sangria For The Bar: Sangria bar prices vary based on the flavors, sizes and number of flavors you would like us to provide. Please give us a call to discuss, as the same with the mimosa and margarita bars.
